REPUBLIC SPECIAL.

New Orleans, La., March 6.-The most notable demonstration of the meeting occurred to-day, when the judges at the Fair Grounds placed Bondage first and Safeguard second in the first event. Bondage was a heavily played favorite,

Bondage was a heavily played favorite, while Safeguard was backed by Griffin and his connections at 5 to 1. Safeguard led into the stretch by two lengths. In the run home, Bondage, on the inside, gradually wore him down, but did not seem to quite get up. To almost every one on the grounds at looked as if Safeguard had won by a short head. The crowd yelled and hooted and hissed, but their noise was of no avail. The winner belongs to James Arthur, who has always been a stanch supporter of the meetings here, and some envious persons olaimed there was no chance for Arthur to get the worst of it in a tight fit. Presidget the worst of it in a tight fit. Presid ng Judge Simmons, when questioned, said Bondage won by a head. Of course, the felusive angle here plays a part, as the mishing line is at an acute angle with the grand stand, thus always giving the inside horse the advantage, as viewed from the grand stand. But in this instance the public discounted the angle. They were wrought up for a few minutes to a riotous point, but cooled down. The reporters who make the form charts all called Bondage dirst.

MANY FOOLISH TURF MAXIMS.

Jos. A. Murphy Recapitulates Truisms Which Often Go Wrong. "What a lot of fool so called turf "max-

ms' there are," said Joseph A. Murphy, the racing judge, yesterday. "One is 'A firstclass horse can run on any old track." "Imp could not run a lick in mud. Neithercan Advance Guard. What did Bowling Brook do to Hamburg in mud? Yet they are all first-class horses.

"Another maxim is "Never play steeple-chases. They are all fixed." Statistics show

that more favorites have won over the jumps in the past ten years than have on the flat. The touts say that there is no betthe flat. The touts say that there is no betting on steeplechasing. Down East there are men who will bet ten times as much on a steeplechase as on a flat race.

"You have got to have money to beat the races. You cannot do anything on a \$2 note," is a third fool maxim. There have been many men who ran a \$1 bill into the thousands. Joe Yeager, Pittsburg Phil. Whitey Langdon, A. L. Aste, all ran \$2 bills in untold sums. Of course, 1000 people go broke for the one who does this, but it occurs often enough to knock the maxim into smithoreens.

nto smithercens.
"'You cannot beat a system. No successful bettor ever played a system, is an-other. Systems are all right. It is the man who lacks nerve to stick to them that is

other. Systems are all right. It is the man who lacks nerve to stick to them that is wrong. Men always deviate from their system when winning or losing. When Lord Rosslyn produced his famous break-thebank system Pat Sheedy said it was fault-less, but offered to let the Lord bet him at it. 'He will forsake it when he loses a few bets,' said Sheedy. 'They all do. If he sticks he will break me. I am willing to bet he will not stick.'

"'Let a bookmaker stick to his percentage and he cannot lose' is another. Many a good bookmaker has gone broke trying to akin out a small percentage every day.

"Beginners and those who know nothing always win' is another maxim. Not I per cent of beginners go broke to their bank roll first day out. Of course, men who never saw a race before will pick a long shot, and win.

"Women lose harder than men," is still another mistaken axiom. Go home in the cars after races and watch the men kick bite nalls, chew mustaches and accuse everyone of cheating from judges to rubbers. Women never do such things, though when papa loses a bet, mamma is first to feel the sickel of economy. Women get excited during a race, but you never hear them roar: 'Robber and thief' afterwards.

"Always take the stake horse as against the plater, any way weighted' is one more. The handicappers nowadays bring them all to a level."

"You will go broke playing jockeys.' Yet there have been thousands made following jockeys like Tod Sloan. Follow Reddern at New Orleans this winter and see how you would have come out.

"Do not play 2-year-olds' is a choice or-der. Yet many big and successful betters."

would have come out.

"Do not play 2-year-olds' is a choice order. Yet many big and successful bettors make a specialty of 2-year-old betting, and make a specialty of z-year-old betting, and win.

"Do not take less than even money is a favorite caution. Yet many big rolls have been made betting on such horses.

"Never play more than one horse in a race" is a truism. I have seen Pittsburg

That Harry Forbes intends to keep busy was evidenced yesterday by a telegram received by Jake Chaim, who is handling Johnny Kelly, offering the latter a match at Kansas City with Forbes at catch weights. The fighters are to receive 50 per cent of the receipts, and Chaim thinks well enough of the proposition to send his man on the trip. The bout is to take place March 17.

on the trip. The bout is to take place March 17.

Chaim is also advancing the claims of George Shrosbree for a bout with the winner of the Kelly-Schreck bout next Thursday. Shrosbree has been fighting semiwindups in Chicago with considerable success and is anxious to branch out and meet men away from his home city. He is willing to line up against any 15% or 155 pound man.

In a letter Shrosbree states that 15% is his best weight and that he would like to do this weight, ringside, against the winner of the coming fight. George Block, the local welter weight, is anxious to fight any one, Philadelphia Tommy Ryan preferred, and a match seems refley to his hand in this instance. Charles Haughton of the West End Club is considering the advisability of putting them on in a preliminary or semi-windup.

Shrosbree is a brother of Al Shrosbree, for windup.

Shrosbree is a brother of Al Shrosbree, for a long time one of the best middle weights produced in Chicago. He is now working in the press department of a Chicago newspaper and wishes to branch out in the puglistic line.

Following the announcement in yester-day's Republic that Syracuse Tommy Ryan intended to retire from the ring and assume the boxing instructorship of the Missouri Athletic Club, President Marmaduke of the institution announced that details were practically concluded for Ryan's engagement, and that he was expected to preside at the gymnasium as soon as the club opened.

Abe Attell and Eddie Toy are to meet in a twenty-round bout in San Francisco March 12. This is surely a typical case of a "brotherhood" battle. Toy was under Attell's charge when he fought in this city, and the two have been stablemates and sparring companions for months. If the San Franciscans will stand for this bout, they are easily pleased.

The outcome of the affair can easily be predicted. Toy cannot hope to defeat Attell, even with the best of luck, and the result in consequence is certain. The bout has probably been carded to fill a vacant week in the club's programme.

Hugo Kelly, who has been laid up with

Hugo Kelly, who has been laid up with a sore throat for some time past, is now back in good shape, as he started work yesterday. He was on the road for a run yesterday morning and took up his gymnasium work yesterday afternoon. He will take a run again this morning.

FOUL STRIKE IN FORCE. American League Adopts Rule After Hot Debate.

New York, March 5.—The American League baseball magnant held their second day's session at the Fifth Avenue Hotel to-day. For nearly three hours this evening the magnates discussed the reports of various committees and then adjourned until to-morrow. The location of the playing grounds in New York was not made public.

until to-morrow. The location of the playing grounds in New York was not made public.

The major portion of to-day's session was spent in discussing the report of the Rules Committee. Rule No. 44, relating to foul strikes, held the magnates in a heated deadlock for two hours, but the report was finally adopted by a split vote, 4 to 3, B. F. Shibe of Philadelphia refusing to vote.

Several votes were taken and considerable speechmaking was indulged in, when the matter came up on the adoption of the report of the Rules Committee, consisting of Messrs. B. F. Shibe, Philadelphia; Loftus, Washington, and Bruce of Chennati. The Cleveland, Chicago and Boston magnates opposed the adoption of the rule, and for a long time the vote was a tie, Mr. Shibe voting with this trio.

Finally Mr. Shibe declined to vote and President Johnson, on a vote of 4 to 2, declared the rule adopted, and also the report of the Rules Committee as a wace.

After the meeting President Killilea of Boston said:

"The feeling of the American League is against the foul-strike rule, but we passed it out of deference to the Rules Committee."

Asked to-night about the local situation, President Ban Johnson said:

"We are in New York safe enough, and before the meeting adjourns announcement will be made letting the public know all our plans. I can give no information tonight."

WHIST PLAYERS' MOVEMENT.

Want Next Congress in St. Louis.

Local members of the Women's Whist League are endeavoring to arouse interest in a movement, now on foot, to have the next Western Congress of the league held in St. Louis. The meeting of the national congress is set for 1906, and one meeting is held in the East.

It is conceded that either St. Louis or Minneapolis will get the congress in that year and women whist players of this city are anxious that St. Louis should be chosen. Mrs. H. G. Noel, member of the Governing Board of the Women's Whist League, is advocating the movement and a special meeting will be held Wednesday afternoon at 3 p. m. in the Limmar building. St. Louis is well represented in the congress, many of the local clubs being afflicted with that body. All members of local clubs, besides individual players, are invited to the meeting of next Wednesday. The congress was held in Chicago last January. Want Next Congress in St. Louis.

### **GENTLEMEN RIDERS** ORGANIZE TO RACE

Amateur Horsemen Form the Florissant Valley Bit and Bridle Club.

GRAHAM WICKHAM PRESIDENT.

Purpose of Organization Is to As sist Racing Authorities in Promoting and Controlling Events.

Amateur horsemen of St. Louis who have the penchant for race riding which belongs to all well-bred people, organized the Flor ssant Valley Bit and Bridle Club yesterday. Graham Wickham, a well-known gentle-man rider, who has won his spurs in more man rider, who has won his spurs in more than one race, was chosen president. B. Louis von Phul was elected secretary. Other members present and so far elected are: J. Will Boyd, Hunter Dalton, J. C. Dalton, John Force, Nat Ewing, Houston Force, Eugene Bartle, Paul Brown, Tudor Wilkinson, L. Van Studdiford, Clyde Erskine, H. K. Gays and Louis Nolker.

The object of the club is to exercise supervision over gentlemen's races run in connection with the Florissant Valley Jockey Club, and to arrange inter-city races

ey Club, and to arrange inter-city race between gentlemen riders. The club proba bly will evolve into a hunt club. WANT TO RIDE STEEPLECHASE.

Mr. Wilkinson suggested yesterday that races be given for gentlemen riding their own horses. This is a sportsmanlike suggestion and worthy of encouragement. Manager Murphy of the Florissant Jockey Club said yesterday that he would rive it full consideration later on.

A race for polo ponies probably will be given at the spring meeting, which the Florissant Jockey Club proposes to give at the Kinioch track, if the owners of the track succeed in getting safely over their legal trouble.

The horses for gentlemen riders at the spring meeting will be chosen or secured by the racing association. The riders will draw lots for mounts. Those who show best form in local races will be chosen to represent the city in interstate races.

REPRESENTATIVE CLUB. WANT TO RIDE STEEPLECHASE.

REPRESENTATIVE CLUB.

REPRESENTATIVE CLUB.

It may be said that the membership of the club truly represents the gentlemen riders of St. Louis. Mr. Van Studdiford is almost too good a rider to be an amateur. Of Mr. Bartle the same may be said, and both seem too young to properly come under the head of gentlemen riders. The true type of gentleman rider is thoroughly represented in the Messrs. Ewing, Wickham, Dalton, Wilkinson, Boyd and Von Phul. There is scarce a doubt that Messrs. Van Studdiford and Bartle are the best riders in the club. In fact, as aforesaid, they are really too good.

Without making any invidious distinctions it may be said that what the turf needs in the way of gentlemen riders is men of some age, personal prestige and social prestige. Boys who can ride are numerous as leaves in Vallambrosa. They can outride men so far that it is not fair to allow them to compete in races for gentlemen.

For instance, last year Mr. Charles Van Studdiford, his nephew regularly galloped race horses in their morning work. That should about disqualify him. This club is a good idea, and it cannot be too strict in making regulations which so to protect the matured business man who likes to ride and whose name is most useful to the sport from competition from boys, who are better riders because they have time and opportunity to devote to it.

ment, and that he was expected to preside at the symmastum as soon as the club opened.

"We had not intended to announce the matter until every arrangement was complete," said he. "but as the matter has now been published, I will state that Ryan is practically certain to be our boxing teacher. His terms, as mentioned in a letter to Mr. Genslinger, pre entirely satisfactory, and I believe that it may be announced as certain that we will use him.

"We have started work on the club, and the contractors are getting the arrangement was complete." There is a bare possibility that another ments along in great shape. We expect to have the quarters in shape by the 1st of May."

King's Horse Defeated.

London, March 6.—King Edward's Ambush II, his Majesty's candidate for the Grand National Steeplechase, to be run at Liverpool, March 27, was defeated to-day in the race for the Grand Military Gold Cup at the Sandown Park steeplechase meet by his stable companion, Marpessa. The King went to the course in expectation of seeing his horse, which was a hot favorite, show considerable improvement over his form at Kempton Park, when January 30 he was unplaced in the Stewards' Steeplechase. Ambush II, however, was only able to run third out of four starters.

REPUBLIC SPECIAL

Desloge, Mo., March 6.—The crushers, feeders and cagers of the National Mines have ordered a strike. The demand is 2 29

per cent increase in wages. Out of sympathy, the miners refused to go underground to-night. Only about twelve means are working. They are nonunion and are Hungarians. Some excitement prevails.

MERCURY

# A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This pow-erful poison combined with Potash, is the treatment generful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally

of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.
